SYUKET south of syd for Bornholm. - (to send) (sende) Varerne bliver SENDT

by mail pr. post. - (to report) (meddele) Resultatet af lodtrækningen bliver MEDDELT were/became i

aviserne.

* "Hvem der" means "who (the subject)". But in English it is already understood through things like word order and the verbs used that "who" is the subject. We don't need an extra word to tell us that "who" is a subject in this sentence. [Some would say, probably with pursed lips, that "who" implies subject, while "whom" implies object. I guess, but I don't care.]
